# SERVICES

# The Services that we Offer

# General Transport

We offer regular international groupage (LTL) and full truckload (FTL) freight services to and from Eastern and Western Europe. We manage every aspect related to the shipment of our customers goods, from planning, organization and monitoring, to the control and delivery of the goods to their final destination.

## International FTL Transport

- Access to various means of transport : van, standard semi-trailer, mega semi-trailer, platforms designed to carry oversize load
- FTL service for export / import transportation
- Professional management of carriers' fleet

## International LTL Transport

- LTL transportation to / from Europe

# ADR Transport

On request, GribexTrans provides ADR Transport Services with authorized means and experienced, ADR-accredited drivers. For us, safety comes first: that's why we offer transport services for ADR goods under maximum safety conditions and in accordance with the legislation in force.

Dangerous goods mean those substances that, by their physical-chemical nature, can cause personal damage, the environment. According to ADR, there are 9 classes of dangerous goods.

- Safe Shipping
- Fast Shipping
- Modern Trucks
- Transportation of different ADR type of goods
- Complex services
- Special safety instructions for ADR Transport

# Oversized Transport

International and Local Transport of Oversized Goods are transported easily with our services. Oversized transport offers solutions for loads that exceed the permitted limits. We offer services for obtaining transport authorizations, including Romania, Moldova and Ukraine, sure Europe.

We have extensive experience in the field of oversized transport! For this type of transport, a specialized fleet is needed.

These fleets also include a variety of modular trailers of different sizes that fit perfectly for all types of transported goods.

We organize the Transport of oversized goods with:

- maximum length of 25 meters
- maximum width of 4.5 meters
- maximum height 4.5 meters and
- maximum weight 100 tons.

# Sea Transport

International freight Transport by sea, fast, efficient and at the lowest costs. We organize imports and exports from Asia, Europe, USA and Africa.

We offer a wide range of services in the field of maritime transport:

- organization of port preparation of loads, preparation of containers for loading in shipping countries;
- completing customs documents in international ports;
- transporting containers in trailers;
- delivery of containers in customs terminals;
- transporting the containers to the beneficiary's warehouse and unloading them.
- we offer services for transporting goods from containers in trucks

Maritime Transport Services are provided according to INCOTERMS clauses and we also offer a series of related services to make your job easier.

# Refrigerated Transport

We provide Transport for cargo with controlled temperature in express mode or distribution, both nationally and internationally, of 1.5 T with controlled cooling/heating temperature 15°C – 25°C, equipped with thermodiagram.

Transports are carried out both locally, nationally and internationally. With the help of refrigerated vans, we can transport medicines and products that require a controlled low temperature, over long distances, in Moldova and internationally.

- medical / pharmaceutical / parapharmaceutical industry
- Frozen / Refrigerated (vegetables, fruits, meat)
- Sweets / Confectionery
- Isotherm (water, beer)

## Customs Brokerage Services

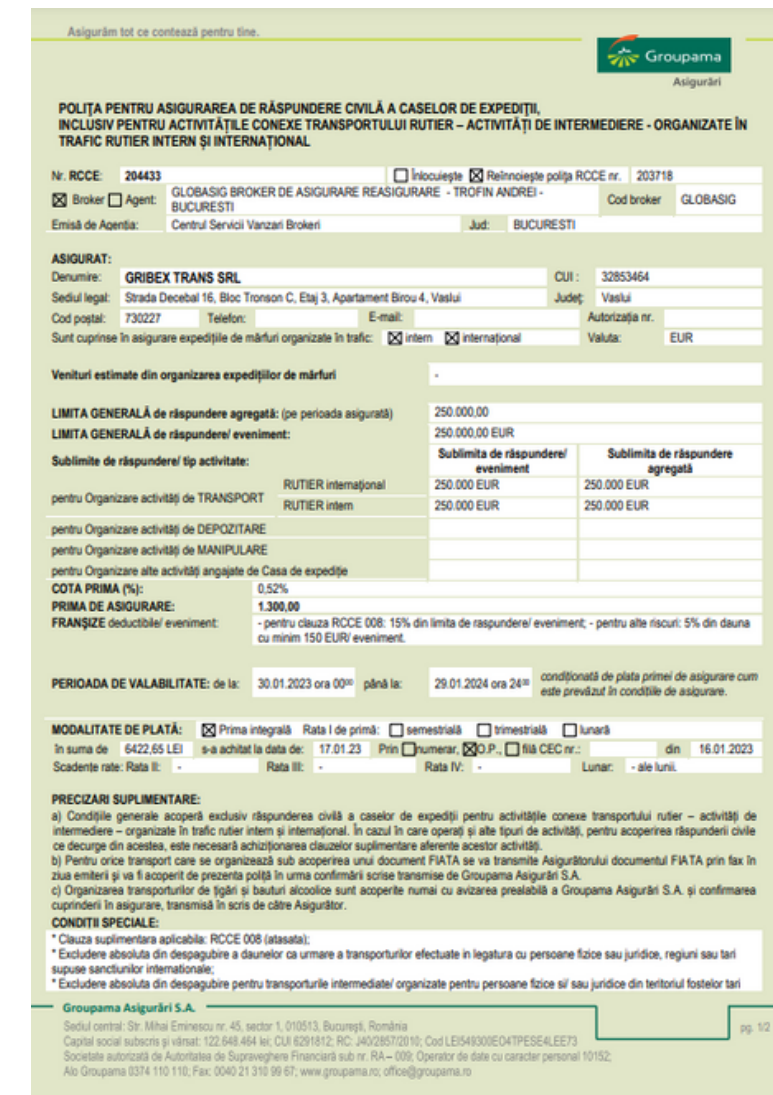

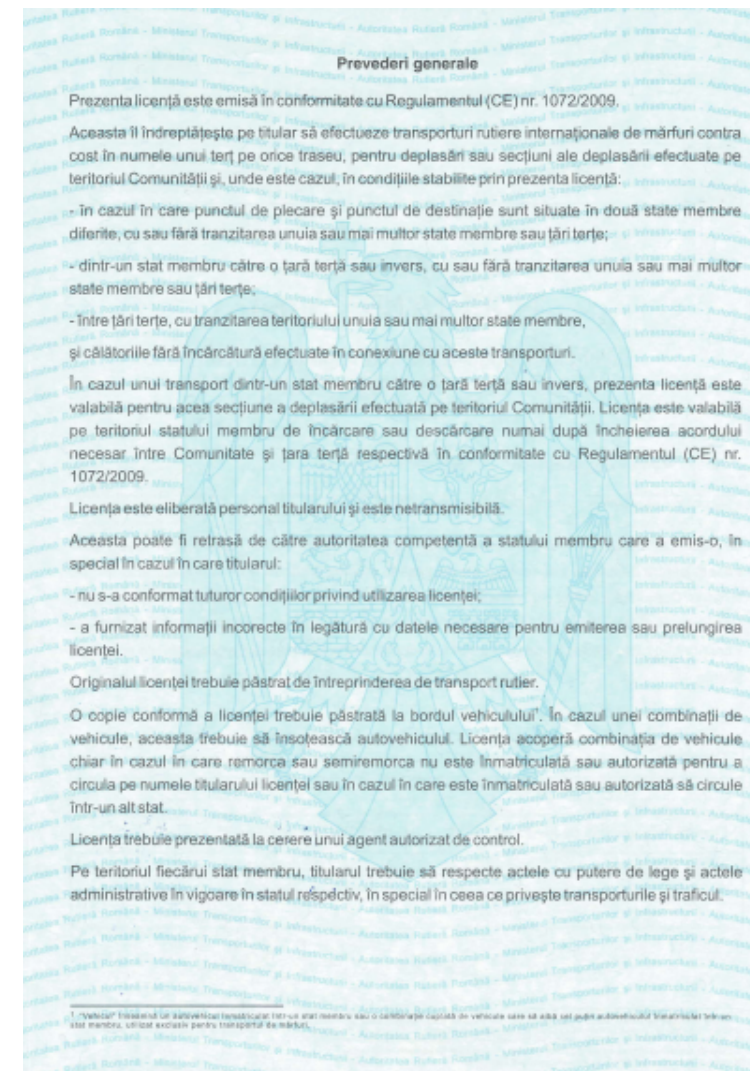

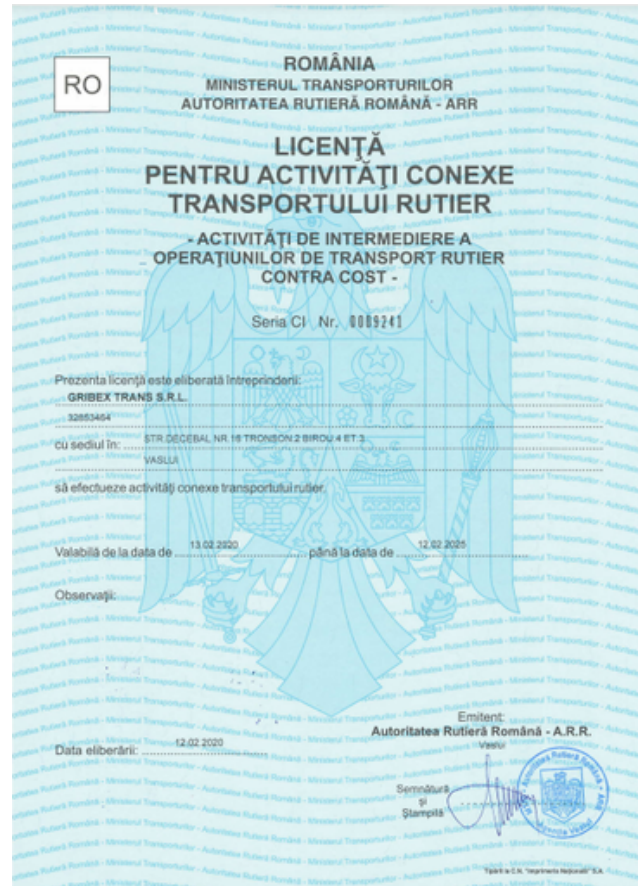

Customs Brokerage Services at the highest level. What do the services offered by us as part of the Customs brokerage include:

- Clearance of formal entries
- Customs clearance of variable entries
- Facilitation of temporary import guarantees
- Coordination of the return of the counter value of customs duties
- Preparation of export declarations

Always aware of the national and community legal provisions regarding customs legislation, the company is able to provide the assistance and advice that its clients need.
